Thank you Rafiq 😊

Hello Cllr Sadaqat Ali Khan.

Apologies for the random email. I'm currently working on a Ministry of Housing, Communities &Local Government (MHCLG) funded project. Which through evaluation will hopefully demonstrate how the use of visualisation tools influence transparency, certainty, collaboration and trust between communities and stakeholders, with regard to large infrastructure developments.

There are a few reasons for me contacting Bradford Trident :-

1. We are using the new train station proposal in Bradford (Bradford station plans step closer after £400,000 funding boost - BBC News) for our evaluation, which I believe is either very close or is within the Bradford Trident parish boundary.
2. We would really like yours and your fellow parish councillors feedback on the visualisation tools that we have created.
3. An opportunity for you and your fellow parish councillors to potentially influence the formal consultation on the station proposal should it go ahead using the tools that we have developed.

If at all possible, I would like to invite you and your fellow parish councillors to attend a workshop at the University of Bradford, mid to late January. If you could let me know if this is at all possible and I will investigate specific dates/times with you.

I hope you can help and many thanks

Adrian Walker M.Sc. GIS

T-Services Manager, IDOX Uniform, IDOX Scanning, Local Land & Property Gazetteer, Street Naming and Numbering, Land Charges, Corporate GIS Lead & Principal Contact for PSGA data
